## THE CONDITION THAT COUNTS

By T. A. Langridge.

In connection with the match between the Metropolis and the British Special Service Squadron last week, the sporting papers of Sydney have been unanimous in their criticism that it was the best and most scientifically trained team that won. To say this is

and the crowd undoubtedly enjoyed their exhibition of skill. The sailor is necessarily a trained man, and naturally has to be always physically fit for the hundred and one duties which he is called upon to perform on board his ships, duties that have to be very promptly and efficiently carried out, and which in fact could not be carried out unless the men were in a perfect state of physical well-being. But from last week's experience it is obvious that Jack's sea training does not give him

was another feature of the game emphasised in the press reports—that they were practically as fresh when the whistle sounded the finish as they were at the kick-off. And, mind you, the play was fast, and the pace pretty telling, until within just the final few minutes. Only a "hard" team could have stood it.

Why then should the Tars—all trained to their naval work—and who looked as fit as fiddles when the game commenced, have been so obviously out of condition towards its end? Clearly, the method of training must have something to do with it; and, judging by the result, it would appear evident that the training methods adopted by the Sydney boys' light, continuous, brisk combinations of gymnastic movements to music—are very much superior for this particular branch of athletes, big Soccer football, than any other form of training.

## REFEREES AT PLAY.

The return match between the Protestant Church Referees and the Illawarra District Referees took place last Saturday, the 19th inst., at Wardell Road, when the South Coast men proved too good winning by three clear goals. After the game a tea and reception was held at the Petersham Town Hall, where a very enjoyable evening was spent.

Mr. Billy Gibson did the honors for the local referees, while Messrs. Cunningham and Hawke, president and hon. secretary, respectively of the I.D.S.A., and Mr. Jack Scott replied on behalf of the Illawarra Referees.

## The Coming Tour.

Next Saturday the Canadians, under the managership of Mr. James Adam, will arrive in Sydney on a thirteen weeks' tour of Australia.

This is the most comprehensive undertaking yet handled by the code; it is of only two weeks' shorter duration than the extended Chinese tour, and, coming as it does at the commencement of a very promising season, should prove a thorough success.

Every State, with the exception of Tasmania, is included in the itinerary, this being the first time during the past ten or twelve years, at least, that Western Australia has figured on our programme. Just as everyone is looking forward to the visit with interest and pleasure in this country so, no doubt, Canadians will watch their team with equal interest, and whatever the result of the games one big outcome of the visit will be a big advertisement for both countries, more especially ours.

From small beginnings of Interstate trips, the renewal of the New Zealand visits to last season's big success with the Chinese, up to the day when we welcome the men from the sister dominion who will have come the greatest distance of any team to play us, our activities have been ceaseless and our enterprise increasing, enabling us to place before our players and followers more tempting programmes each season.

The difficulty is now not to secure visits to and from other lands, but to choose the most advantageous of the many offers and to fit them in; football all the year round would be one solution!

Belgium will gladly take three or four dates, and Luxemburg one

## THE ENGLISH TEAM.

## An Interesting Article.

## NO SOCCER TEAM.

(Published in England about the 17th January, 1924).

On Monday last the International Selection Committee of the Football Association (England) gave most serious consideration to the proposed tour to Australasia. There was keen anxiety on the part of every member of the committee to send out a representative side this March, but the plain fact of the matter is that the players who were available did not satisfy the committee, and they reluctantly decided to abandon the tour, but definitely pledged themselves to make it in 1925 if that meets with the approval of the Commonwealth Football Association.

The Football Association is not to blame for the inability to get such a team together as would do credit to the Old Country and would give practical exhibitions of the standard that had been reached in England in the best amateur and professional circles. To have sent out a team that could not have done that would have been absurd, and the Selection Committee took the view that Australia wished for the best, and that only the best was good enough for you. While there must be considerable disappointment to those who had encouraged the hope, and in view of what had happened over here they were entitled to be hopeful, that a team would be with you at the end of April this year, it is surely better that there should be a postponement for twelve months rather than failure should be courted.

In addition to the open invitation issued by the Football Association through the press the following letter was sent to all the principal clubs:—

"You are aware that we have been invited to send a representative team to tour Australasia in the summer of 1924. We are very desirous of sending a favorable response; indeed, we feel that loyalty compels us to make every effort to meet the wishes of our colonies. The difficulty so far has been the inability of players to be absent from England for a period of six months. The tour will necessitate players leaving England about the end of March, and arriving home at the end of September.

"The team to be selected must be of such strength as will uphold the best traditions of our game in the Mother Country. We shall be glad if you will again consider the possibility of one or more of your players being able to undertake the tour. Will you please communicate with us by January 14?"

## QUANTITY BUT NOT QUALITY.

The response to that letter was not altogether satisfactory. There was no lack of players, but they were not except as to the minority, of the class required. What was aimed at was a strong mixed side of professionals and amateurs, and that included among them

top in the Test game, it would not be such a combination as would satisfy the authorities over here that it adequately represented the playing strength of this country. Thus it happened that, after a long and earnest discussion, the resolution was passed to which I have referred, decidin g to postpone the tour, and this decision was confirmed later in the day by the full council of the Association.

There will be no doubt as to the team coming out in 1925 if Australia so desires. The Football Association has pledged itself, and it has never yet broken a promise of this kind. You may take it from me, and I am writing as a member of the International Selection Committee, that we shall do everything in our power to show Australasia how the dribbling code is played over here by our best exponents. What we shall aim at doing will be to get some of the best of the Corinthians, who are now showing form of a kind comparable with their palmiest days, and then round them build up a side that will be strong in every department.

## COMMITTEE TO NEGOTIATE.

A small committee has been appointed, and it will get into touch with the leading professional clubs, and already many promises are to hand that the clubs will release any one player for the trip. If, as we anticipate, we are able to get enough promises from leading clubs to allow us to select a player for any position, we shall be able to get a square man for every square hole, and there will not be any man playing out of his proper position. We have found from long experience that mixed teams of amateurs and professionals produce most satisfactory results, from a playing point of view. Many of us are convinced that the ideal side is a professional defence and an amateur attack. The science of defence has been brought almost to a state of perfection, but the science of attack has lagged behind, except in the amateur ranks. A line of Corinthians in the attack, and half-backs and backs, from the professional ranks, would provide you with football that would prove extremely attractive, and, so far as we can see, that will be the lines on which we shall work.

I may add that the proposal that has been cabled here that a Commonwealth Association side should tour over here next autumn has not yet been considered by the selection committee, for the Association has not officially received it, but I doubt whether it will be encouraged. The Olympic Games will bring many Association teams to Paris, and some will remain over. South Africa have made arrangements for a visit here, and an attractive list of fixtures has been arranged; England will play them a couple of representative matches; the whole of the receipts being given to them. The F.A., however, does not in any way make itself responsible for the financial success of the tour, as it has not arranged it.

It is useless for any team of Association footballers to tour this country in the expectation of making both ends meet unless they are an exceptionally strong combination. Even then there

each of the 88 Football League clubs has 42 matches to play in the tournament. Add to these the F.A. Cup, then add County Cup ties—they are compelled to take part in the latter, so it will be seen that there are not many dates to spare.

## CUP-TIES REPLAYED.

("Athletic News," 11th February, 1924).

If it were necessary to produce evidence of the popularity of the Association Cup no testimony could be more convincing than the aggregate attendance at the eight ties which were re-played in the course of last week, for no fewer than 216,554 people passed through the turnstiles on Wednesday and Thursday.

## Tons of Money.

The attendances and receipts officially supplied are:—

Newcastle U. v. Derby County—  
Attendance, 50,393; receipts, £3,374.

Leeds U. v. West Ham U.—32,000; £2300.

Halifax T. v. Manchester City—  
21,590; £1213/17/6.

Watford v. Exeter City—9234; £649.

This table gives a total attendance of 216,554, and a sum of £14,246/17/6 for eight mid-week ties during a period of trade depression. These figures are 100 per cent. better than if the same clubs met in League contests.

## DID YOU KNOW THAT

Steve Stack, the popular Hon. Treasurer of the M.S.F.A. has been appointed chairman of the New South Wales Association Council on account of the temporary retirement from that position of Mr. F. W. Barlow, on account of ill-health.

The N.S.W. Association Council meets this week-end, when it is expected some very important decisions will be made.

The Canadian team visiting Australia will be the first representative Canadian side that has ever played abroad.

The organisation of the Canadian Association appears absolutely A1, and as the standard of play is reported to be very high, the Association officials are preparing with the object of placing trained teams on the field.

The selected Metropolitan players will train at Langridge's Physical Culture Rooms on Tuesdays, and at Wentworth Park on Thursdays.

Newcastle defeated the Navy team by 10 goals to 2. The Navy men were reported as being absolutely out of condition.

Bill Maunder, the West Wall-send crack centre, bagged six goals.

Judy Masters, the South Coast idol and captain of the Australian team in four matches with the Chinese, scored five goals against the No. 2 Navy team at Woonona.

The Metropolitan S.F. Association presented suitable souvenirs to the Navy players, who participated in the games at Wentworth Park.

The Manly team entertained the Navy combination right royally after the match last Wednesday week. The "enthusiasts" of the village hope to obtain the use of Manly Oval one Saturday in four during the coming season.

## A Record of Three Tours.

For record purposes we append the tabulated results of matches with the Chinese and New Zealand teams. These show that Australia was successful in the first three tests with the Chinese, 5-1, 4-3, and 5-0; fourth test was won by the Chinese 3-1, while the fifth test Adelaide was a draw, 2-2. The New Zealand test matches last season proved sterling games, Australia winning the first, 2-1, New Zealand won the second, 3-2 and 4-1 respectively. The matches in New Zealand the previous year resulted in New Zealand winning, 3-1, draw 1-1, and winning, 3-1, it will be seen that in New Zealand we have worthy opponents, and it behooves Australia to put its best foot forward in the next series of matches.

Even then there could be no hope of financial success if they failed to fix up matches with the leading professional clubs. That is an extremely difficult matter. The exact circumstances that obtain over here may not be appreciated in Australia except by those who have personal knowledge of the exacting nature of the programmes of all the big clubs. There are 38 Saturdays in our football season, and

take part in the latter, so it will be seen that there are not many dates to spare.

The organisation of the Canadian Association appears absolutely A1, and as the standard of play is reported to be very high, the Association officials are preparing with the object of placing trained teams on the field.

The selected Metropolitan players will train at Langridge's Physical Culture Rooms on Tuesdays, and at Wentworth Park on Thursdays.

Newcastle defeated the Navy team by 10 goals to 2. The Navy men were reported as being absolutely out of condition.

Bill Maunder, the West Wall-send crack centre, bagged six goals.

Judy Masters, the South Coast idol and captain of the Australian team in four matches with the Chinese, scored five goals against the No. 2 Navy team at Woonona.

The Metropolitan S.F. Association presented suitable souvenirs to the Navy players, who participated in the games at Wentworth Park.

The Manly team entertained the Navy combination right royally after the match last Wednesday week. The "enthusiasts" of the village hope to obtain the use of Manly Oval one Saturday in four during the coming season.

Entries for the Richardson and Gardiner Cup competitions close on Thursday, May 1st. The qualifying round will probably take place on May 31st.

matches with the Chinese and New Zealand teams. These show that Australia was successful in the first three tests with the Chinese, 5-1, 4-3, and 5-0; the fourth test was won by the Chinese 3-1, while the fifth test at Adelaide was a draw, 2-2. The New Zealand test matches last season proved sterling games, Australia winning the first, 2-1, but New Zealand won the second and third, 3-2 and 4-1 respectively. As the matches in New Zealand the previous year resulted in New Zealand winning, 3-1, drawing, 1-1, and winning, 3-1, it will be seen that in New Zealand we have worthy opponents, and it behoves Australia to put its best foot forward in the next series of matches. ## CRITICISM AND A LITTLE PRAISE.

(To the Editor.)

Dear Sir,—

The other Saturday I took a friend, who is a Rugby follower, to see his first Soccer match, "The Navy Squadron v. the Metropolis," at Wentworth Park. We arrived at the entrance gates at 1.30 p.m. I was surprised to find that they were not open; a crowd soon collected, and the remarks they passed about the Management Committee were not very complimentary. A boy with a bundle of "The Soccer News" under his arm arrived, and did a roaring trade. We all soon got interested in your bright, up-to-date paper. As it is the first issue for this season, I wish it "many happy returns of the day." Your editorial, "The Coming Season," should be read by all connected with the management of the game. Soccer has passed the stage of committeemen rushing about with big badges on their coats, all looking important and doing nothing; it must be run on up-to-date business lines. The people who attend the matches must be considered. They lay the golden eggs.

I would respectfully suggest that the reporters' table be removed from near the boundary line and placed near the fence, thus giving everyone a clear view of the game. Please do not think I am growling; I have suggested this in the interest of the game. I may say that I am not a regular follower of Soccer, but, like many more, go to all the big matches and read the accounts of the club games in the newspapers.

I was greatly pleased with the game on Saturday, considering it is so early in the season. I was a bit disappointed with Henderson after seeing him play so well last season, but he had a big man and a fine player up against him. No doubt our team learnt a few points such as trapping the ball.

Everyone is pleased that our

## QUEENSLAND NEWS.

After having donned the Thistle guernsey for many seasons, Johnny Peebles, the international half-back, has transferred to Pineapple Rovers.

The veteran, Billy McBride, has given up further activity in the game as a player. He may yet come back, however.

Soccer enthusiasts of Brisbane are anxious to see the new arrivals from the Old Country in action:—J. Dent (Brisbane City), from Sheffield; A. Nicholson (Thistle), from Edinburgh; and Boak (Thistle), from Liverpool.

C. Gedge, of Bush Rats, may not be seen in action this season. His knee still worries him.

Dan Potts talks of becoming "merely a spectator" in Soccer will be a great loss to Bush Rats.

Mr. J. W. Kendal, a life member of the Q.F.A., of which body he was several times president recently joined the ranks of the benedicts. Congratulations, Jack old boy!

Another prominent "Jack" in Brisbane Soccer, Mr. J. S. Hilbreth, one time secretary of the Q.F.A., now its hon. treasurer and the junior association's hon. treasurer, too, was Mr. Kendal's "best man." The great event took place at Bundaberg.

The Q.F.A. has decided to provide footballs for all schools playing Soccer in the metropolitan area. Footballs will also be sent to the Cloncurry and Townsville State Schools. As the schoolboys are senior players of to-morrow, the Q.F.A. is to be congratulated on their foresight, not to mention their generosity.

Mr. Jim Comrie is again the president of the Metropolitan Junior F.A. (Brisbane). As a journalist, Mr. Comrie has for some years demonstrated how mighty the pen can be in the Soccer game. Jim is very popular with the juniors.

## HOW TO PLAY SOCCER.

### The Side.

Unless the cardinal aim of a Soccer team is the greatest good of the greatest number, says Alec Gibb, the Queensland captain in the "Soccer Record," it is useless to expect any great measure of success from it. Too much attention cannot be given to this aspect of the game. The tendency among Australian teams—a tendency which was more than emphasised by the superb combination of the Chinese University players when they visited us last season—is to resort to undue use of individual "rush and kick" tactics. In adopting such methods, teams certainly have a mistaken idea of Soccer. A maximum of proficiency with a minimum expenditure of force, that is, of individual force; thereon hang the law and the prophets. To be properly equipped for the battlefield, an army must not merely be an efficient defensive force; it must also be able to strike and strike forcibly. The same discipline which goes to the making of a good soldier applies with equal force to Soccer. The outposts must feel that they are able to rely on the next line if they are compelled to fall back, as the latter, in their turn have a right to expect support from those behind them. The five forwards in Soccer are the outposts, and between them and the two full backs and the goalie come the intermediate line, the three half backs, who represent as it were the reserves the mounted infantry, ready equally to attack, to make a diversion or to cover the retirement of the front rank. In short, all the players must act in strict harmony one with the other. Unless they do, there is not that unity so indispensable to the success of a Soccer XI.

## THE N.D.B.F.A.

The annual report of the N.D.B.F.A. stated that during the season 69,847 people had paid for admission into the association's grounds. The balance-sheet disclosed the fact that the receipts for the year were £4631/1/3; gate receipts being £4231/11/- an increase in gate money of £1856/14/1. The expenditure was £4284/4/-, leaving a credit balance of £346/17/3. The auditors, Messrs. Cromarty and Turner, estimated the association's assets at £2374/13/9. The new officers are as follows:—Patron, Mr. H. J. Connell, M.P.; president, Mr. A. A. Stirling; vice-president, Mr. W. Stott; secretary, Mr. P. J. Sheppard; treasurer, Mr. R. J. Skillings; assistant secretary, Mr. A. Jack. Mr. Tamlyn defeated Mr. Sheppard for the position of delegate to the Council of the State Association, the two being chosen to represent the N.D.B.F.A. at the State Association's general meeting.

The Management Committee, Messrs. W. Stott, S. Stewart, J. W. Mills, and S. Bush. Messrs. Stirling, Stott, Skilling, Winship and Bush were elected senior selectors. Messrs. Shipp, Durie, Skilling, Sheppard, and Stewart were elected junior selectors. Mr. Sheppard was appointed to the referees' examination board.

It has been agreed that the home-and-away principle, as last year, be adopted, giving the association the right to take one home game from each club, subject to the senior clubs playing the same team on the association ground in both rounds. The question of percentages to be allowed to clubs playing on association ground was the cause of lengthy debates at more than one meeting. It was finally decided to give 20 per cent. to seniors and 7½ per cent. to juniors. The claim of the referees' association was considered, and the new log agreed to. The log gives referees 11/- per game, with travelling expenses if called upon to visit Catherine Hill Bay or the South Maitland district for all games, with the exception of the under 16 grade, which is 2½/- per game, and club grounds.

### The Different Associations

The governing body in South Wales is the N.S.W. Association, and to it is affiliated Metropolitan Association, Northern Districts' Association, the South Maitland Association and the Granville, South Coast Western District and Central Northern Associations.

The N.S.W. Association controls directly interstate, inter-district and State championship matches. These latter are the Gardiner Richardson Cup matches, which competitions all teams in the State are eligible.

### Junior Bodies.

The Metropolitan Association manages and controls the competitions in the metropolitan area.

After having donned the Thistle guernsey for many seasons, Johnny Peebles, the international half-back, has transferred to Pine-apple Rovers.

District football is again in vogue, and the districts are as follows:—Cessnock, Weston, Neath, Kurri Kurri, New Lambton, West Wallsend, Wallsend, Adamstown, Mayfield.

## SOCCER CONTROL.

### The Different Associations.

The governing body in New South Wales is the N.S.W. Association, and to it is affiliated the Metropolitan Association, the Northern Districts' Association, the South Maitland Association, and the Granville, South Coast, Western District and Central Northern Associations.

The N.S.W. Association controls directly interstate, inter-district, and State championship matches. These latter are the Gardiner and Richardson Cup matches, for which competitions all teams in the State are eligible.

### Junior Bodies.

The Metropolitan Association manages and controls the senior competitions in the metropolitan area. To it is affiliated the following junior associations: The Metropolitan Juniors, the Protestant Churches, the Canterbury Association, the St. George Association, and the Ryde Association. Granville itself is a separate en-

tity, and is affiliated to the N.S.W. Association. The Granville team links up with the Metropolitan Association.

There is also constituted now in Sydney the Junior Board of Control (Metropolis).

It affiliates to the M.S.F.A., and affiliated to it are all the junior associations in the Metropolis.

The system aims at decentralised control. Each area has local autonomy subject to certain provisions. The N.S.W. Association is the medium for events which concern more than one district.

### The C.F.A.

The Commonwealth Football Association is the Federal body, and is equally representative of the six States, having been formed into a limited company. The capital is nominal, there being provisions for only one hundred shilling shares. Each State, however, only has two shareholders, and consequently two shares. The idea is that the Commonwealth body should have "locus standi" in the Courts, be able to make contracts, sue, and be sued, for debts, and issue debentures. Otherwise the C.F.A. is just an ordinary association. If the C.F.A. makes any profits out of overseas tours, the whole of that money goes to the furtherance and the propagation of the game, as does the profit of other associations.

ALL THE NEWS.

As the season only opens to-day it would be out of place to attempt to try and forecast any results, as at present the teams are of an unknown quantity. Several have been training for some time past, and all expect to win. On paper most of the matches should result in rather close finishes.

The P.C.S.F.A. is starting representative matches, as on 10th it is our intention to meet Goulburn on Leichhardt Oval (provided the M.S.F.A. loans us the oval). On that date all the Second Grade matches will be suspended. The representative team will be selected from this grade. The curtain-raiser will be provided by "A" Division v. "B" Division. First and Third Grade matches will be played as per usual.

### Moonlight Excursion.

Will all teams who have not yet returned their money in connection with the moonlight excursion, please forward same at once.

### St. George Branch.

This branch is going apace, and this season will put nine or ten teams in the field. Mr. R. Nicholson, who was assistant hon. secretary and treasurer in 1923, finds his time too fully occupied with his studies, and Mr. P. McKay will fill the breach. Mr. R. H. Henny is still hon. secretary and treasurer.

### P.C.R. Association.

The Referees' Association has elected Mr. S. Crutchly as their president. Mr. Crutchly has been in ranks of the P.C.R.A. since 1921. Mr. L. Scott, "Jesmond," Abergeldie Street, Dulwich Hill, is the hon. secretary and treasurer. Mr. F. Clark is the councillor to the Association.

**Instructions to Team Secretaries.**  
Team secretaries should see that they have a copy of the 1924 Constitution.

each Association, who meet monthly to discuss matters for the progress of junior football. The object of the Board is to make uniformity of rules for the controlling of all associations, and so place all junior football on the same level.

The hon. secretary of the Board is Mr. F. C. Packer, who recently resigned the secretaryship of the M.S.F.A.

The Board of Control has already shown the advantage of its creation, by the combined junior team selected by its own selection committee, which gave an excellent display against the Hoo Juniors in the early fixture, at Wentworth Park, on April 12th 1924.

The next movement has been the formation of an inter-association competition, of one round of matches. Each association will select a representative team.

The M.S.F.A. have donated a cup, to be known as the "Association Cup," and to be competed for annually, the winning association to hold the Cup for one season.

The draw for the Association Cup is as follows:—

## The St. George Assoc

### Season Commences.

The St. George Soccer Football Association will commence its season in earnest on Saturday when the season's competitions will commence. The biggest attraction will be on the St. George Sports Ground, being a First Grade match, Sydney v. Gladesville.

The Metropolitan Soccer Association have kindly put this star fixture on as an attraction for the St. George Soccer F.A., to give the game in the district a good curtain-raiser for the opening of the season.

The St. George Soccer F.A. last season controlled twelve teams. This season the entries are just double—All-age 10, A Grade (under 21) 9, and C Grade (under 16) 5. This is beside the St. George Protestant Churches, and the Boy Scouts' Association; the latter will probably have 9 teams which has affiliated to the St. George F.A. The season will commence full of interest judging by the practice matches which have been played on the St. George Sports Ground since March 15th. The following are the competition fixtures for tomorrow (Saturday):—

**All-Age:**—Rockdale Wanderers v St. George, St. George Sports Ground, No. 2, 3.15; Penshurst v Lancashire, Dumbleton, 3.15; Arncliffe v Brighton, Arncliffe, 3.15; Penshurst United v Cronulla, Cronulla, 3.15; Hurstville v Kogarah, Moorefield, 3.15.

**A Grade:**—Rovers v Tempe Pk. Rangers, St. George Sports Ground No. 2, 1.45; Tempe Iona v Arncliffe, St. George Sports Ground No. 2, 1.45; Brighton v Lancashire, Moorefield, 1.45; Rockdale Juniors v Cronulla, Cook Park, 3.15; Kogarah the bye.

**C Grade:**—Banksia v Arncliffe, Arncliffe, 1.45; St. George v Kogarah, Cook Park, 1.45; Rockdale Diamond the bye.

Last Saturday's results were: Sydney II. 3 (Parker, Watson, Chipling), Arncliffe 2 (Hill); St. George 2 (Jennings, Uren), Lily-

Last year there were about 6000 players playing our game in New South Wales with recognised football associations, as follows:—Metropolitan, 43 senior teams, 700 players; Newcastle, 15 senior teams, 55 junior teams, 1385 players; South Coast, 15 senior teams, 26 junior teams, 536 players; South Maitland, 40 junior teams, 800 players; Granville, 35 junior teams, 530 players; Metropolitan juniors, 48 junior teams, 812 players; Canterbury Juniors, 13 junior teams, 200 players; St. George, 15 junior teams, 220 players; Lithgow, 15 teams, 200 players; Protestant Churches, 40 teams, 500 players; not specified, 10 teams, 200 players.

In addition, last year there were approximately 104 school-boy teams in the metropolis. The figures for the schoolboys in other districts have not been made available, but they are as strong proportionately. The significance of the figures giving these schoolboy teams are not apparent till it is mentioned that the only other code that has more schoolboy teams than Soccer is the Rugby League, whose total amounted last year to three more, viz., 107.

### WHY JUNIOR STARS FAIL.

(By a Scottish Trainer.)

(From the "Soccer Record,"  
Brisbane.)

It is the easiest thing in the world to give advice. It costs nothing; merely a little thought sometimes, and sometimes, not even that.

But advice is a good thing especially for a young player who wants to rise in his profession. By keeping his ears open he can learn much. The youngster who listens to the voice of experience, and profits thereby, is on the right track.

Why so many promising juniors fail in seniority can be set down to various reasons. They are growing lads, and the stress of senior football may be too severe. It takes a strong healthy robust constitution to last out, week after week, ninety hard strenuous minutes of present-day football.

Some clubs rush the raw material all too soon. Tender plants should be nursed, for a stripling is not an oak. The present-day frantic rush for the star juniors is all against reason. Boys are snatched away before they are physically fit to play a man's game. Competition may be the life of trade, but it is also the death-knell of numerous budding Internationals.

(Continued on page 16).

## Abbreviated Laws of the Game

Eleven players form a team. For positions see team list.

**HANDLING THE BALL.**—The goalkeepers only may play the ball with their hands, and they only within the penalty area. **INTENTIONAL** handling only is penalised by a free kick to the opposite side, opponents keeping back ten yards.

**OFF-SIDE.**—This is the hardest rule of all. A player cannot be off-side in his own half of the field of play, nor when the ball is last played by an opponent, nor if he is behind the ball when it is last played. He cannot be off-side when a corner kick or throw-in is taken, this protection ceasing when the ball is again played by one of his own side. With these general exceptions a **PLAYER MUST HAVE AT LEAST THREE OF HIS OPPONENTS NEARER THEIR OWN GOAL LINE.** To be penalised a player must be playing the ball or interfering with the play.

**FREE KICK.**—A free kick is awarded for handling the ball, tripping, kicking, jumping at, holding, pushing, or illegally charging an opponent or dangerous play.

**PENALTY KICK.**—This award for the following infringements within the "penalty" area (18 yards mark): Tripping, kicking, striking, jumping at an opponent, handling the ball, holding, pushing, or illegally charging an opponent. All players except the player taking the kick and the opponents' goal-keeper must keep outside the penalty area. The kick is taken from a mark 12 yards from the goal line.

**GENERAL.**—Intentional infringements only are penalised, and generally speaking the "advantage" rule is followed.

Charging is permissible, but must not be violent or dangerous.

Charging behind is illegal unless an opponent is obstructing, but it must under no circumstance be violent or dangerous.

**GOAL.**—A goal is scored when the ball has passed between the goal posts, under the bar, and completely over the goal line.

**CORNER KICK.**—If the ball is played behind by one of the defending side, an opponent shall kick it from within one yard of the corner flag.

**THROW-IN.**—The ball is out of play when it has passed completely over the touch line. The throw-in is taken by an opponent, who must stand with part of both feet on the line and throw the ball with both hands over his head.

**DURATION OF GAME.**—Except when otherwise arranged, the duration of a game shall be two spells of 45 minutes.

### THE ENGLISH CUP FINAL.

(By J. McDougall).

To-day marks the official opening of competition Soccer in Sydney, whereas in London the English Cup Final practically means the close of the season in the Old Country.

The season 1923-24 has not been by any means a prosperous one for the British clubs, mainly because of unemployment and industrial trouble, and as ours is a democratic game, "gates" have suffered in consequence. However, London's experience to-day will be record crowds and high finance, and some facts and figures of previous finals are worth mention.

**Aston Villa v Newcastle United.** The contestants in the final tie are well known and old established clubs, who have appeared in the last round on many occasions, particularly Aston Villa, whose record for the competition is unique, having won the coveted trophy on six occasions.

Aston Villa have contested seven final ties in 1886-7, 1891-2, and 1894-5 against West Brom-

to two in 1896-7, Newcastle United (their present combatants) in 1904-5 by two goals to nil, Sunderland by one goal to nil in 1912-13, and in 1919-20 after extra time they were successful against Huddersfield Town by one goal to nil.

Newcastle United have not been so fortunate, having held the Cup on one occasion only, against Barnsley, in 1909-10, two goals to nil, in the re-play, after a drawn game of one goal each. They reached the final in the following year, and were defeated by Bradford City, after a drawn game, no scoring, by one goal to nil.

Present indications appear to favor the Villa in its eighth contest for the historic trophy, but nevertheless I wouldn't be surprised if Newcastle rejoices at the expense of the better favored club in Cup football, and the game will be witnessed by a crowd that will again break all records. Better arrangements are in hand on this occasion, and admission will be by ticket only; these have been on sale for about two months now, and practically every seat has been reserved.

at the Imperia! Stadium, London. Bolton Wanderers and West Ham United, when the former team won by two goals to nil. Owing to the crowd breaking in an accurate return of the attendance could not be made, but the British Empire Exhibition authorities' official return was that 90,520 persons passed through the turnstiles, and that 35,527 ticket-holders were also admitted.

The gross gate was £27,776, and of this, the two clubs and the F.A. each received £6365, but £4000 was refunded by the F.A. from their portion to ticket-holders who were unable to get to their. The Exhibition funds benefited to the extent of £4714, and the entertainment tax amounted to £4206.

According to these figures the attendance would be 126,047, but there were probably 150,000 spectators present, and statistics supplied by the railway companies proved that over 241,000 passengers booked to the grounds from London stations. Then again those who travelled to the ground from other districts and by other means must be taken into ac-

## The M.J.F.A.

The Junior competition will be in full swing to-day, when fifty teams will be in action, consisting of ten in the all-age and eight in the A Grade; eight in the B Grade, and twenty-four in the C Grade—the latter is being run in three divisions, allocated as near as possible into districts, so as to do away with travelling as much as possible.

Club Secretaries will note that ground fees for matches which take place on association grounds where there is no one in attendance to collect fees, must be paid to the hon. treasurer at the Deal and Dumb Hall on the Wednesday night following the match. Failure of a club to abide by this rule renders it liable to a penalty.

Grounds that come under the above heading are the following: Algie Park, Fivedock, Centennial Park, Canal Ground, St. Peters, Crescent Oval.

Council meetings are held on the second Wednesday in every month. Next one will take place on the 14th May.

Mr. E. Jones, last year's treasurer, has again been elected to that position.

Mr. McLay, of the Management Committee, has been elected to the position of assistant secretary and Mr. W. Robertson was elected to take his seat on the Management Committee.

**GENERAL.**—Intentional infringements only are penalised, and generally speaking the "advantage" rule is followed.

Charging is permissible, but must not be violent or dangerous.

to two in 1896-7, Newcastle United (their present combatants) in 1904-5 by two goals to nil, Sunderland by one goal to nil in 1912-13, and in 1919-20 after extra time they were successful against Huddersfield Town by one goal to nil.

Newcastle United have not been so fortunate, having held the Cup on one occasion only, against Barnsley, in 1909-10, two goals to nil, in the re-play, after a drawn game of one goal each. They reached the final in the following year, and were defeated by Bradford City, after a drawn game, no scoring, by one goal to nil.

Present indications appear to favor the Villa in its eighth contest for the historic trophy, but nevertheless I wouldn't be surprised if Newcastle rejoices at the expense of the better favored club in Cup football, and the game will be witnessed by a crowd that will again break all records. Better arrangements are in hand on this occasion, and admission will be by ticket only; these have been on sale for about two months now, and practically every seat has been reserved.

### THE RECORD FINAL.

On the 28th April last year all records for a football match were broken on the occasion of the first English Cup final to be played

at the Imperial Stadium, London, Bolton Wanderers and West Ham United, when the former team won by two goals to nil. Owing to the crowd breaking in an accurate return of the attendance could not be made, but the British Empire Exhibition authorities' official return was that 90,520 persons passed through the turnstiles, and that 35,527 ticket-holders were also admitted.

**GOAL.**—A goal is scored when the ball has passed between the goal posts, under the bar, and completely over the goal line.

**CORNER KICK.**—If the ball is played behind by one of the defending side, an opponent shall kick it from within one yard of the corner flag.

**THROW-IN.**—The ball is out of play when it has passed completely over the touch line. The throw-in is taken by an opponent, who must stand with part of both feet on the line and throw the ball with both hands over his head.

**DURATION OF GAME.**—Except when otherwise arranged, the duration of a game shall be two spells of 45 minutes.

at the Imperial Stadium, London, Bolton Wanderers and West Ham United, when the former team won by two goals to nil. Owing to the crowd breaking in an accurate return of the attendance could not be made, but the British Empire Exhibition authorities' official return was that 90,520 persons passed through the turnstiles, and that 35,527 ticket-holders were also admitted.

The gross gate was £27,776, and of this, the two clubs and the F.A. each received £6365, but £4000 was refunded by the F.A. from their portion to ticket-holders who were unable to get to their. The Exhibition funds benefited to the extent of £4714, and the entertainment tax amounted to £4206.

According to these figures the attendance would be 126,047, but there were probably 150,000 spectators present, and statistics supplied by the railway companies proved that over 241,000 passengers booked to the grounds from London stations. Then again those who travelled to the ground from other districts and by other means must be taken into account, and would augment the crowd by many thousands. Only those who have experienced an old country Soccer crowd can hazard even a very rough estimate of

in full swing to-day, when fifty teams will be in action, consisting of ten in the all-age and eight in the A Grade; eight in the B Grade, and twenty-four in the C Grade—the latter is being run in three divisions, allocated as near as possible into districts, so as to do away with travelling as much as possible.

Club Secretaries will note that ground fees for matches which take place on association grounds where there is no one in attendance to collect fees, must be paid to the hon. treasurer at the Deal and Dumb Hall on the Wednesday night following the match. Failure of a club to abide by this rule renders it liable to a penalty.

Grounds that come under the above heading are the following: Algie Park, Fivedock, Centennial Park, Canal Ground, St. Peters, Crescent Oval.

Council meetings are held on the second Wednesday in every month. Next one will take place on the 14th May.

Mr. E. Jones, last year's treasurer, has again been elected to that position.

Mr. McLay, of the Management Committee, has been elected to the position of assistant secretary and Mr. W. Robertson was elected to take his seat on the Management Committee.

### THE RYDE ASSOCIATION.

The new Ryde District Association is a live body, and is expected to make much progress this year. It will do a wonderful amount of good in fostering junior football in its very big area.

The officers elected are as follows:—

Patrons: Messrs. D. M. Anderson, Greig, Loxton, Bavin, and Sir Thomas Henley, M's.L.A., Messrs. Pratten and Bowden, M's.P.

President: Ald. C. Dyer, Mayor of Ryde.

Vice-Presidents: Messrs. English (of Drummoyne), Justice and McIntyre (Hornsby), Gus Bowe (Gladesville), Wilkins (Gordon), and Starr (Ryde).

Hon. Treasurer: Mr. S. Fraser.

Hon. Secretary: Mr. W. D. Ephgrave.

Hon. Association Secretaries: Messrs. Wolsey (Hornsby) and Tipney (Epping).

Management Committee: Messrs. Dawson (Epping), Cheeseman (Hornsby), Hibberd and Metcalfe (Ayde).

It has been decided to run the following competitions:—A Grade (all age); B Grade (under 18); and C Grade (under 16).

The affiliation and registration fees are to be:—A and B Grade, 10/6 for affiliation, and 10/6 for registration; C Grade, 7/6 affiliation and 7/6 registration.

Entry and registration forms may be had by applying to the Hon. Secretary, W. D. Ephgrave, Falconer Street, Ryde.

Two cups have been presented to the Association—one from the Ryde Local News, and another from Mr. R. O. Birch (Chemist, Ryedale Road, West Ryde). The Local News Cup will be for competition among the Seniors, and the Birch Cup among the juniors.

Who will donate the third cup?

The Referees' Association is in the hands of Messrs. Moore, Parkes Street, Ryde; McPhee, Devlin Street, Ryde; and Searl, Hermitage Road, Ryde.

## WHY JUNIOR STARS FAIL.

(Continued from page 13).

When I joined the Heart of Midlothian from the ranks of the juniors, Albert Buick gave me a few wrinkles:—

"Never attempt too much, G.—" advised the famous centre-half. "You are one of a team, not the whole eleven. Watch the big pots; study them, and, above all, pay strict attention to your trainer."

Golden words of advice they were and they sank deep. I studied the stars. Football seemed easy to them; I wanted it to seem easy for me. Day after day I tried and tried again to master some little trick I'd seen famous

succeed now. We are always learning; and, alas, too many juniors, when they take the senior ticket, stop studying at a time when their education is actually commencing.

When I joined Manchester City, I met a kindred spirit in Will Meredith. We worked off a few training stunts together on the Hyde Park ground. Billy would take the ball at full speed from one end of the field to the other whisk it across at all angles, and I would be there to trap that cross-kick first time and let fly at Jack Lyall!

Day after day we persevered at corner-kicks, penalty-kicks, and even throwing in the ball. Some laughed at us, and called it unnecessary work, but you may take it from me that no true craftsman will call earnest manipulation of the tools of his calling a waste of time. Concentration, wholeheartedness, and a deep-seated ambition to get on will bring success to the new senior. But there is no shirking. To those who are entering senior football from the minor ranks, I think Alec Raisbeck's advice should be more than useful. I heard my old Liverpool clubmate harping it out to a new recruit at Anfield—

"Be first," said Alec. "Get after the ball. Beat the other fellow; and if you cannot take the leather from him, force parting before he gets settled down. Keep on after it. When a goalkeeper gets a shot, be up. He might drop the ball. Make opportunities and take them quick."

Too many juniors fail because they try too much, refuse to act as instructed, and fancy they know more than those who have been more years in football than they have been minutes. But it has been my experience that, in football as in every other pursuit and calling, hard work is the keynote to success. More work, more study, and we'd have more successful recruits from the junior ranks.

## Ryde Soccer Club Meeting.

The first meeting of the newly formed Ryde Soccer Club was held in Mr. Jack Hibberd's West Ryde Billiard Saloon.

The election of officers resulted as follows:—

Secretary and Treasurer: W. Boardman.

President: Mr. Grant.

Vice-Presidents: Messrs. C. Davis, E. A. Heap, R. Cadman, P. S. Pacey, Morrison, E. Norman, Cronin, Gus. Bowe, and Dr. Boulton.

Delegates: R. Bowers and W. Boardman.

After much discussion it was decided that the club colors should be Maroon and Gold.

Two teams will be entered in the competitions—an all-age and an under sixteen.

the number of people who intended witnessing an exhibition of their national sport on that day. Many thrilling incidents are recorded of that game, including a delay of forty minutes at the start owing to the playing pitch being invaded, and only when the players appeared on the field and appealed to the crowd was the ground cleared sufficiently to allow the game to begin, and then only as far as the touch and goal lines; in fact, the game was nearly abandoned. Such incidents and many others are associated with practically all big games on the other side, and the first Chinese game of last year is only a forerunner of what we here may expect in the near future.
